

Thorpedene Primary School

Pupil Premium Strategy Statement 2021-2024

This statement details our school's use of Pupil Premium (and Recovery Premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our Pupil Premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Thorpedene Primary School
Number of pupils in school	497
Proportion (%) of pupil premium eligible pupils	47%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021 - 2024
Date this statement was published	October 2021
Date on which it will be reviewed	January 2022
Statement authorised by	Steph Champney
Pupil premium lead	Laura Cade & Julie Seymour
Governor / Trustee lead	Stephen Tollworthy

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£310,000
Recovery premium funding allocation this academic year	£35,000
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£TBC
School Led Tuition	£20,000
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£365,000

Part A: Pupil premium strategy plan - Statement of intent

At Thorpedene Primary School we have high aspirations and ambitions for our children and we believe that no child should be left behind. We are determined to ensure that our children are given every chance to reach their full potential and continue to demonstrate our core values of Achieving, Caring and Respecting with Confidence.

Our intent is to support the pupils' holistic development by identifying areas of need within their academic progress and also in their personal development.

Our Pupil Premium strategy is carefully planned in line with our intent and high aspirations to ensure that all actions and strategies are clearly linked cohesively to the needs of the groups of pupils within our school.

Our approach to allocating the funding will be as a direct result from data scrutiny, teacher judgements, pupil voice and individual needs identified by our robust pastoral team. The approaches we will implement are all designed to ensure that pupils achieve both academically and practically. We will ensure that pupils are challenged; create timely interventions which are continuously assessed for effectiveness; ensure that all of our stakeholders take responsibility for the continued development of our disadvantaged pupils providing them with aspirations for their future.

Our key principles are:

- To ensure that all pupils receive Quality First Teaching through high quality training and support for staff - to identify and fill the gaps in prior learning. Gaps are identified and targeted through and bespoke interventions
- To raise the percentage of disadvantaged children achieving above age - related expectations in all year groups across the curriculum.
- To raise the attendance of PP pupils in line with school target
- Pupils are engaged in learning and have developed a sense of pride in their education and are motivated to learn
- Parents work collaboratively with the school

Thorpedene Primary School

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Our assessments and observations indicate that the education and well-being of many of our disadvantaged pupils have been impacted by partial school closures to a greater extent than for other pupils. These findings are supported by national studies. This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations. Pupil's gaps are widely spread across the many areas of the curriculum. The main challenges identified are focused on English - Reading, Handwriting and Spelling.
2	Pupils who may have been working at Greater Depth need additional support to maintain their achievement struggling to close the gaps.
3	<p>Our attendance over the last three years indicates that attendance among disadvantaged pupil has been between 1.54% - 6.24% lower that for non- disadvantaged pupils.</p> <p>2018 - 19 - PP - 93.64% and NPP - 95.24%</p> <p>2019 - 20 - PP - 78.82% and NPP - 80.36%</p> <p>2020 - 21 - PP - 86.82% and NPP - 93.06%</p> <p>2019-20 the school was locked down from March 2020 to June 2020</p> <p>2020 - 21 the school was locked down from January 2021 to March 2021</p> <p>The government changed the guidelines last academic year that if a place was given to a child who was vulnerable and the child did not attend they would be coded 'C'. The 'C' code affects the attendance of the pupil.</p> <p>Therefore, compare that to the year before where all children's absences in lockdown were coded X which would not make a difference to the attendance.</p> <p>The difference between PP and NPP in 18-19 was 1.60%</p> <p>The difference in 19-20 was 1.54% so there was no real difference compared with the previous year</p> <p>However the difference in 20-21 was 6.24% and this was mainly due to the change in coding by the government.</p>

Thorpedene Primary School

4	<p>Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils, notably low levels of social skills, self-regulation, confidence and self-esteem. These challenges particularly affect disadvantaged pupils, including their engagement in learning and attainment. Teacher referrals for pastoral support have markedly increased during the pandemic.</p> <p>18 pupils (14 of whom are disadvantaged) currently require additional support with social and emotional needs, with 18 (14 of whom are disadvantaged) receiving small group interventions.</p> <p>Pupils confidence, self-esteem and ability to regulate their emotions are low.</p>
5	<p>We have recognised that we need to engage parents and carers in school life to ensure they can provide support for their children at home. Parents have been unable to be actively involved in school life for the past 18 months and feel a sense of disconnection with the school.</p>
6	<p>Through observations and pupil voice it is evident that pupils have spent less time learning in the outdoors or taking part in extra-curricular activities over the last academic year</p>
7	<p>Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers. Due to the significant amount of schooling missed and the small uptake of home learning during the pandemic, children have missed extensive amounts of quality first teaching to ensure that the phonics remains on track. The phonics screening results that are to be submitted in December 2021 indicate that currently only approx. 50% of pupils have passed.</p>

Thorpedene Primary School

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved reading and writing attainment among disadvantaged pupils.	KS2 Reading and Writing outcomes show that an increased number of disadvantaged pupils meet the expected standard.
Improved handwriting and spelling among disadvantaged pupils	Assessments and observations indicate significantly improved handwriting and spelling skills among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Sustained high attendance is demonstrated by: <ul style="list-style-type: none"> • the overall absence rate for all pupils being less than in 2020/2021 • the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced
To achieve and sustain improved engagement in learning and wellbeing for all pupils in our school, particularly our disadvantaged pupils.	High levels of pupil wellbeing and engagement in learning demonstrated by: <ul style="list-style-type: none"> • Qualitative data from student voice, student and parent surveys and teacher observations • A significant reduction in behaviour incidents
Improved phonics skills and knowledge among disadvantaged pupils.	Assessments and observations indicate significantly improved Phonics knowledge among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including

Thorpedene Primary School

	engagement in lessons, book scrutiny and ongoing formative assessment.
Increased community engagement and range of opportunities for parents to visit the school and take part in activities to enhance their children's learning will be more readily available.	A significant increase in the number of and frequency of community events for parents/carers to attend Feedback from parents/carers and local community will be positive Parents/carers will feel more confident in supporting their children at home through parent voice and feedback
A wide range of opportunities for pupils to take part in active outdoor learning and extra-curricular activities to enhance their lives outside of academia.	A significant increase in participation in enrichment activities, particularly among disadvantaged pupils

Thorpedene Primary School

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ [117,215.00]

Activity	Evidence that supports this approach	Challenge number(s) addressed	Commentary & Impact
<p><u>Reading – Accelerated Reader</u> £21837.00</p> <ul style="list-style-type: none"> • Daily reading sessions • Rewards termly • Termly assessments • Data analysis • Small group support • CPD for staff 	<p>Accelerated Reader appears to be effective for weaker readers as a catch-up intervention at the start of secondary school.</p> <p>A well-stocked library with a wide collection of books banded according to the Accelerated Reader readability formula, and easy access to computers with internet connection, are the main requirements for successful implementation.</p> <p>Pupils at very low levels of reading may not be independent readers and would need initial support from teacher to start reading books.</p> <p>Schools can lead robust evaluations of their own planned interventions, under favourable circumstances, and with some advice and oversight from expert evaluators.</p> <p>Source: https://educationendowmentfoundation.org.uk/</p> <p>National Literacy Trust 'Reading for Pleasure – a research overview' 2006 '—benefits include an</p>	<p>1, 2, 7</p>	

Thorpedene Primary School

	<p>increased breadth of vocabulary, pleasure in reading in later life, a better understanding of other cultures, better general knowledge and greater insight into human nature.'</p> <p>The EEF recognises that reading comprehension strategies can improve learning by an additional 5 months across the school year.</p>		
<p>PP Leaders Dedicated staff to ensure the PP funding is spent effectively and reported appropriately – wording can be taken from last years report £17448.00</p> <ul style="list-style-type: none"> • Pupil Premium Reviews termly • CPD for staff to ensure they understand the needs of the PP pupils 	<p>A good Pupil Premium strategy is usually a reflection of good leadership more generally. Heads can appoint a member of their team to oversee the spending as well as making sure that they analyse the students' data and performance consistently.</p> <p>Source: https://thirdspacelearning.com/</p>	<p>1, 2, 3, 4, 5, 6, 7</p>	
<p>Maths Groups £50000.00 Pupil Premium Maths groups enable disadvantaged pupils who have significant gaps caused by the pandemic</p>	<p>Small-group interventions can be an effective way to differentiate supports for learners who are in need of extra instructional time in a specific area.</p> <p>Source: https://www.panoramaed.com/</p>	<p>1</p>	<p>Year 2 Group 15 Pupils Baseline Testing September 2021 10% pupils achieving ARE Autumn Testing 2021</p>

Thorpedene Primary School

<p>to reach age related expectations in the first term of the academic year.</p> <ul style="list-style-type: none"> Daily Maths lessons in Years 2 and 6 			<p>X% pupils achieving xxx</p> <p>Year 6 Group 19 Pupils Baseline Testing September 2021 11% pupils achieving ARE</p> <p>Autumn Testing 2021 X% pupils achieving xxx</p>
<p>English</p> <p>£22094.00</p> <p>Improve the quality of pupil engagement in English - SEL approaches will be embedded into routine educational practices and supported by professional development and training for staff – coaching and mentoring</p> <p>QFT</p> <ul style="list-style-type: none"> CPD for staff Coaching and Mentoring sessions Good practice sessions 	<p>Quality First Teaching; we want a school where interventions are not necessary for PP children because teaching is of a high enough quality to ensure they make good progress.</p> <p>John Dunford (National Pupil Premium Champion) states that:</p> <p>There is solid evidence that poor teaching disproportionately disadvantages deprived children. Equally, evidence tells us that excellent teaching disproportionately benefits them. So high quality teaching must be at the core of all pupil premium work. It follows that it is legitimate to spend PP funding on the quality of teaching.</p> <p>https://johndunfordconsulting.co.uk/2014/10/11/ten-point-plan-for-spending-the-pupil-premium-successfully/</p>	<p>1, 2, 7</p>	

Thorpedene Primary School

<p><u>Enrichment</u> Whole school enrichment opportunities to support the creative curriculum Cinderella – whole school pantomime £3571.00</p>	<p>EEF research evidence suggests that the impact of collaborative approaches on learning is consistently positive. Effective collaborative learning requires much more than just sitting pupils together and asking them to work together; structured approaches with well-designed tasks lead to the greatest learning gains.</p> <p>The Centre for Media Literacy states that using media to support the curriculum ‘engages students. . . bringing the world of media into the classroom connects learning with "real life" and validates their media culture as a rich environment for learning.’</p> <p>Many children from disadvantaged backgrounds may be unable to access enrichment activities, such as extra-curricular clubs, music lessons and educational visits.</p> <p>Education.gov.uk research has shown that curriculum extension has positive relationships with a range of outcomes, such as self-esteem, confidence, motivation and academic performance. Curriculum enrichment activities are associated with positive personal and social outcomes and there is some evidence of a positive association with academic achievement.</p>		
<p><u>Kinetic Letters – Handwriting Resource</u> £2265.00 The programme has four main threads: Making bodies stronger, Holding</p>	<p>Kinetic Letters® is a handwriting programme for use in primary schools and it aims to get children to develop automaticity in handwriting by Year 2 and achieve joining/cursive writing in Year 3. Automaticity is central to Kinetic Letters® because it makes handwriting a valuable tool, rather than a hindrance to learning, benefitting every curriculum area, self-esteem, and engagement with learning.</p>		

Thorpedene Primary School

<p>the pencil, Learning the letters, and Flow and fluency. Together they enable children to develop legible handwriting that is produced quickly and automatically.</p> <ul style="list-style-type: none">• Daily lessons• Resources to support handwriting• Fine motor skills	<p>Source: Kinetic Letters</p>

Thorpedene Primary School

Targeted academic support (for example tutoring, one to one support structured interventions)

Budgeted cost: £(105,234.00)

Activity	Evidence that supports this approach	Challenge number(s) addressed	Commentary
<p><u>Speech and Language</u> £45234.00</p> <ul style="list-style-type: none"> • 1:1 and small group sessions led by S+L support therapist • Use of resources to support language development (add a little bit on here in case she needs anything) • Baseline assessments to identify targets 	<p>Young children develop the majority of their speech and language skills in the first three years of life. During this time, this learning influences how the brain develops. Early intervention is critically important because infants, toddlers and preschools have developing brains that are designed to learn communication skills. If there is problem with that development, therapy should be started as soon as possible to take advantage of this period of normal brain development.</p> <p>Source: www.slhunterspeechworks.com</p>	<p>1, 7</p>	
<p><u>Academic Mentor</u> £20,000</p> <ul style="list-style-type: none"> • Focus on supporting small groups in writing and reading in Year 5 and 6 • Support academically more able pupils 	<p>Reasons for introducing NTP Tutoring is one of the most effective ways to accelerate pupil progress. Evidence suggests that small group and one-to-one tuition can boost progress by 3 to 5 months per pupil. By providing high-quality tuition to pupils through the NTP, we want to extend this catch-up opportunity to pupils whose education has been impacted the most by the COVID-19 pandemic.</p> <p>Source: https://www.gov.uk/government/publications/national-tutoring-programme-ntp/national-tutoring-programme-ntp</p>	<p>1, 2, 7</p>	<p>Improve Reading, Writing and Maths – age-related and exceeding age-related expectations for Year 6.</p>

Thorpedene Primary School

<ul style="list-style-type: none"> Mentor and support to develop engagement in learning 			
<p>Memory Skills £20,000.00</p>	<p>There is international recognition of the need for creative, classroom-based interventions to support children at risk of low academic achievement and well-being, due to poor attention and language skills on school entry. Working memory (WM) is a cognitive skill that is strongly associated with attention and language skills.</p>	<p>1, 2, 4, 6, 7</p>	
<p>Tutoring –school-led tutoring budget £5,000.00 Engage a tutoring company to visit the school to carry out small group interventions in Handwriting. Years 3, 4, 5, 6</p>	<p>In small group tutoring, the teacher can properly gauge your child’s learning needs, tailor a lesson plan for them, and allow your child to ask questions in a non-judgmental setting. Small groups suit all types of learners Because of the small group setting, it’s easier for the tutor to pinpoint your child’s strengths and weaknesses.</p>	<p>1</p>	
<p>Tutoring school-led tutoring budget £5,000.00 Engage a tutoring company to visit the school to carry out small group interventions in Spelling. Years 1, 2, 5, 6</p>	<p>In small group tutoring, the teacher can properly gauge your child’s learning needs, tailor a lesson plan for them, and allow your child to ask questions in a non-judgmental setting. Small groups suit all types of learners Because of the small group setting, it’s easier for the tutor to pinpoint your child’s strengths and weaknesses. The EEF Toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective, especially for older pupils.</p>	<p>1</p>	

Thorpedene Primary School

<p>Tutoring – school led tutoring budget £5,000.00</p> <p>Engage a tutoring company to visit the school to carry out small group interventions in Reading.</p> <p>Years 3, 4, 5 ,6</p>	<p>In small group tutoring, the teacher can properly gauge your child’s learning needs, tailor a lesson plan for them, and allow your child to ask questions in a non-judgmental setting. Small groups suit all types of learners Because of the small group setting, it’s easier for the tutor to pinpoint your child’s strengths and weaknesses.</p> <p>The EEF Toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective, especially for older pupils.</p>	<p>1</p>	
<p>Tutoring – school led tutoring budget £5,000.00</p> <p>Engage a tutoring company to visit the school to carry out small group interventions to push Year 6 pupils to Greater Depth.</p>	<p>In small group tutoring, the teacher can properly gauge your child’s learning needs, tailor a lesson plan for them, and allow your child to ask questions in a non-judgmental setting. Small groups suit all types of learners Because of the small group setting, it’s easier for the tutor to pinpoint your child’s strengths and weaknesses.</p> <p>The EEF Toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective, especially for older pupils.</p>	<p>1, 2</p>	

Thorpedene Primary School

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ [£142,500.00]

Activity	Evidence that supports this approach	Challenge number(s) addressed	Commentary
<p><u>Pastoral Support</u> £47,000.00</p> <p>Pastoral Lead Provision of equipment and resources</p>	<p>Pastoral care is omnipresent and touches every part of school life and so has to be felt at all levels of curriculum, teaching, learning and assessment, school organisation, ethos and environment, partnerships and services.</p> <p>Pastoral care that is a living and breathing entity builds community within the school, creates supportive systems and positive relations between all members of the community and promotes a strong ethos of mutual care and concern.</p> <p>Pastoral care can only make a difference when professionals and parents work together so it has a strong inter-agency requirement with timely communications between key workers, relevant organisations and families. Source: https://freedomtoteach.collins.co.uk/effective-pastoral-care/</p>	<p>4, 5</p>	
<p><u>Counselling</u> £8,000.00</p> <p>Pupil who are experiencing SEMH difficulties have access to counselling delivered by a professional.</p>	<p>School-based humanistic counselling is effective, a recent study, led by the University of Roehampton has found.</p> <p>It found school-based humanistic counselling led to significant reductions in pupils' psychological distress over the long-term,</p>	<p>4</p>	

Thorpedene Primary School

	<p>compared to pupils who only received pastoral care.</p> <p>The study also found pupils who were offered counselling experienced significantly improved self-esteem, as well as large increases in their achievement of personal goals.</p> <p><u>The Lancet Child & Adolescent Health,</u></p>		
<p><u>Behaviour for Learning</u> £45,000.00 Pastoral team to identify pupils at risk of underachievement and will:</p> <ul style="list-style-type: none"> • Use the Boxall Profile used for targeted pupils • Will support teachers in meeting the needs of pupils in the classroom. • Mentor/coach pupils, equipping them with skills/strategies enabling them to access learning and experience success. • Provide counselling for pupils with SEMH. • Create a safe environment for pupil for whom learning is compromised due to their behaviour. 	<p>The EEF Toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective, especially for older pupils.</p> <p>We recognise that some pupils need additional nurture and emotional well-being support to enable them to access their learning. We offer a variety of services which will support the individuals identified</p>	<p>4, 5</p> <p>4, 5</p>	
<p><u>Attendance</u> £31,500.00</p>	<p>The DfE guidance has been informed by engagement with schools that have</p>	<p>3</p>	

Thorpedene Primary School

<p>Embedding principles of good practice set out in the DfE's Improving School Attendance advice.</p> <p>This will involve training and release time for staff to develop and implement new procedures and appointing attendance/support officers to improve attendance.</p> <p>Reward system in place</p> <p>Incentives for improving attendance</p>	<p>significantly reduced levels of absence and persistent absence.</p> <p>Ofsted 2019 identified the positive work and high expectations already in place to improve attendance</p> <p>'to continue to work with the minority of parents whose children miss school regularly so that parents understand the link between exemplary attendance and academic achievement' Ofsted 2019</p>		
<p><u>Figure of 8 Learning</u> £3,000.00</p> <p>Identify a group of pupils who are struggling to access their learning in the classroom environment. Contact Figure of 8 Learning and arrange a suitable time and day. Identify transportation, free school meals and a chaperone.</p>	<p>The benefits of outdoor learning for the personal and social development of children and young people should not be underestimated.</p> <p>What are the Benefits of Outdoor Learning?</p> <p>It is important for pupils of all ages to appreciate that learning does not always have to be in the classroom and can also occur in a fun outdoor environment. Having the opportunity to engage in high quality outdoor learning helps children and young people understand and respect nature and life-cycles whilst developing the ability to identify hazards. At the same time they can develop problem-solving and team-building skills in a fun environment. Not everyone learns through reading and writing; whilst some learners might feel that they don't have determination and perseverance in the classroom, they can quickly discover that they have the most grit in the class when it comes to getting things done in an outdoor</p>	<p>4, 6</p>	

Thorpedene Primary School

	<p>environment! Opportunities to nurture this kind of self-esteem and confidence in pupils whilst honing important soft skills like resilience and determination are integral parts of the learning journey.</p> <p>The outdoor environment can be a great arena for developing communication and language skills.</p> <p>Often children are active learners but have no access to a garden and the space to run, skip, jump, pick up worms and enjoy the sound of jumping into puddles.</p> <p>Unstructured outdoor play helps children learn to take turns, share and develop other positive behavioural skills. Children and young people work better in groups when they are outdoors.</p> <p>Can outdoor learning improve academic achievement?</p> <p>Teachers witness every day the positive effect learning outside the classroom has on the personal and social development of children and young people, but does it also have the same effect on academic achievement?</p> <p>Source: https://keyskillseducation.co.uk/benefits-of-outdoor-learning/</p>		
<p><u>Challenger Troop</u> £4,000.00 Small group of identified pupils attend a bespoke programme of support</p>	<p>Our unique leadership, team building and engagement programmes build character and resilience in young people from the ages of 6 to 25 and provides them with lasting, positive aspirations for the future. We have a proven impact on attendance, behaviour and other factors affecting learning which has led to</p>	<p>4, 6</p>	

Thorpedene Primary School

	<p>increased levels of educational and workplace attainment.</p> <p>Source: Challenger Troop</p>		
<p><u>Coffee mornings for parents/carers</u> £500.00</p>	<p>EEF research evidence suggests parental and community involvement programmes are often associated with reported improvements in school ethos or discipline</p>	5	
<p><u>Curriculum workshops for parents/carers</u> £500.00</p>	<p>Harris and Goodall (DfE Research) concluded that parental engagement is a powerful lever for raising achievement in schools. Where parents and teachers work together to improve learning, the gains in achievement are significant.</p>	1, 2, 5, 7	
<p><u>Healthy Living Carnival</u> £1,000.00</p> <p>A summer carnival, led by the pupils and attended by the parents and local community to benefit to total health and fitness of all stakeholders.</p>	<p>1. A child who eats right and exercises regularly will have a physically healthy body that can lower risk from high blood pressure, high cholesterol, diabetes and more. These conditions are usually associated with obesity.</p> <p>2. Aside from physical health, a healthy lifestyle will also provide mental health. Proper diet and exercise helps children handle mental challenges well. A healthy lifestyle provides better sleep at night and more energy to make children feel better mentally. It can also lessen depression.</p> <p>3. Healthy kids also benefit socially. Physically active and healthy kid usually has high self-esteem and will help him make</p>	4, 5, 6	

Thorpedene Primary School

	<p>friends easily. Kids who join sports or other physical activities are more likely to make friends than those who stay in front of the TV and computer.</p> <p>4. Healthy kids are also more likely to benefit emotionally. They'll have high self-esteem because they feel better about their appearance physically. They'll also be more confident in themselves in socializing with other children.</p> <p>5. Lastly, kids who have healthy lifestyle benefit academically. Children who eat properly, exercise regularly, and get ample sleep have the physical and mental energy to deal with academic challenges daily. They are also able to retain their lessons well than kids who have unhealthy lifestyle.</p> <p>Source: http://EzineArticles.com/7242322</p>		
<p><u>Parenting Classes</u> £1,000.00</p> <p>Parenting classes can help parents learn more about what to expect in the coming years and prepare for each developmental stage. Since confident, decisive parents tend to raise confident, secure children, parenting classes can give you a much-needed skill set and help decrease your feelings of anxiety.</p>	<p>Motivation researcher Carol S. Dweck has found that when children are told that they succeed because they're smart, they become discouraged when they are unable to solve a challenge. Instead, Dr. Dweck recommends parents should focus their praise on hard work and target specific parts of the project where your child specifically excelled at solving the challenge.</p> <p>Source: https://www.whitbyschool.org/</p>	<p>3, 4, 5</p>	
<p>Gardening club and resources £1,000.00</p>	<p>Gardening is educational and develops new skills including:</p> <ul style="list-style-type: none"> • Responsibility– from caring for plants • Understanding– as they learn about cause and effect (for example, plants 	<p>3, 4, 6</p>	

Thorpedene Primary School

	<p>die without water, weeds compete with plants)</p> <ul style="list-style-type: none">• Self-confidence – from achieving their goals and enjoying the food they have grown• Love of nature – a chance to learn about the outdoor environment in a safe and pleasant place• Reasoning and discovery – learning about the science of plants, animals, weather, the environment, nutrition and simple construction• Physical activity – doing something fun and productive• Cooperation– including shared play activity and teamwork• Creativity– finding new and exciting ways to grow food• Nutrition – learning about where fresh food comes from. <p>https://www.betterhealth.vic.gov.au/</p>

Total budgeted cost: £ [£364,949.00]

Thorpedene Primary School

Part B: Review of outcomes in the previous academic year

Pupil Premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account.

Please refer to the previous Pupil Premium Strategy Impact Report available on the website for detailed impact of the strategies.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
